From Innovation to Impact

Shaping the Future of Cell & Gene Therapy

After a successful premiere in Dresden, the SaxoCell Conference returns in summer 2027 – this time to Leipzig. As a unique network connecting research, clinical practice, industry and innovation in Cell and Gene Therapy, SaxoCell creates the space to exchange ideas, forge partnerships and shape the future of advanced therapies together. **Be part of the SaxoCell Conference 2027 and help turn innovation into impact.**
